8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:	
1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
<p>Answer:</p> <p><i>Yes, with the ongoing impact of COVID-19 on activities in Italy, the Company continues to, where possible, reduce / deferring fees for Directors, contractors and consultants. Italian Government programs have allowed the Company to assess and streamline costs structures. Contributions from JV partners are expected to resume over the next two quarters which will provide part funding for JV exploration and evaluation expenditure and recovery of staff costs.</i></p>	

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

*The Directors are currently reviewing a range of financing options which may include the further issue of new equity. Directors/related parties have continued to support the company through related party financing facilities and have extended further facilities during the quarter and subsequent to the quarter.*

*Based on demonstrated past successes with raising equity, the directors reasonably expect that they will be able to raise sufficient funds to meet its exploration and working capital requirements to continue its operations and to meet its business objectives.*

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

*Yes, with the measures currently in place to ensure security of its assets and preservation of cash reserves, combined with the plan to raise further capital in the coming months, the Directors are of the opinion that the entity will be able to continue its operations and meet its business objectives.*
